THE CLEARINGHOUSE ON HIV AND AIDS IN EUROPE AND CENTRAL ASIA

[www.aidsactioneurope.org](http://www.aidsactioneurope.org) [hivaidsclearinghouse.eu](http://hivaidsclearinghouse.eu)

No 2, April 2011 

## Help us improve the AIDS Action Europe Clearinghouse:

In order to make sure that the clearinghouse reaches its full potential as a **linking & learning** tool, we have developed an **online survey**. With the results of the short survey we hope to identify areas for improvement for the clearinghouse. Please take 5 minutes of your time and participate in the survey!

## Recently added to the AIDS Action Europe Clearinghouse:

### Valentines Day Protection Examination Information Campaign

Valentine's Day video: HIV Campaign Protection Examination Information Our Life Motto.

### Achieving universal access in Eastern, South East Europe and Central Asia - 2010. An HIV community perspective.

This report aims to inform global, regional and national efforts to improve work towards universal access from a civil society perspective. It assesses how civil society groups are involved in setting and reviewing national targets, particularly the involvement of those most affected by the epidemic including people living with HIV (PLHIV), injecting drug users (IDU), men who have sex with men (MSM), sex workers (SW), prisoners, and migrants.

### Treatment Strategies - AIDS (Volume 1 Issue 1)

Treatment Strategies - AIDS is a printed and on-line eBook publication that provides its readership with a collection of thought-provoking articles written by distinguished doctors and leading authorities in the AIDS field. The series aims to inform and educate clinicians on all the latest HIV and AIDS therapeutic and technological advances, and includes an unbiased, independent inbound supplement reviewing the highlights and research developments from the foremost HIV and AIDS Congresses.

### Everywhere: A European Seal of Approval in HIV Prevention for 'Gay' and MSM businesses

This Guide is informed by the findings of the Everywhere Project co-funded by the European Commission. It outlines a series of HIV and STI prevention standards for 'gay' businesses including sex venues, 'gay' and gay-friendly social places (e.g. clubs, bars, discos etc), travel agencies, hotels, and 'gay' dating websites.

### Social Mediator Training Workbook

A workbook for individuals to learn about social mediation, and a training guide for social mediators to train other social mediators.

### Methadone handbook / Руководство по метадону

This is a handbook for anyone who is interested in methadone maintenance treatment. It will be useful for those on treatment and those who want to start treatment or learn more about it. The handbook is a translation from English; it was not specifically adapted to the context of Eastern Europe and Central Asia.

### Let's stop AIDS! PSA - Социальный видео ролик «Остановим СПИД!»

The PSA produced for this campaign, aimed at overcoming psychological barriers which young girls might have when they solve the dilemma of refusing unprotected sex. There is an HIV/AIDS Help Hotline on 0-800-500-45-10. On this toll free number people can call from any region of Ukraine to receive professional information about HIV/AIDS.

### Top Ten Key Global Policy Developments in 2010: Reflections from the Global Forum on MSM & HIV (MSMGF)

Focusing on issues concerning MSM, HIV and human rights at the global level, the MSMGF has developed a list of the 10 most significant policy issues and events of the past year. An effort both to learn from past lessons and prepare for what lies ahead, we hope that this policy roundup will trigger critical reflection, informed discourse, and more nuanced strategizing for advancing the health and human rights of MSM worldwide.

### AIDS 2010: Catalogue of Abstracts Presented on MSM and Transgender People

An online searchable catalogue of all abstracts presented at AIDS 2010 concerning men who have sex with men (MSM) and transgender people. Available in English and Russian.

### Letter to partners 2011

Mr Sidibé outlines a set of six new frontiers to move the global AIDS response forward: The democratization of the response; making the law work for not against AIDS; reducing the upward trajectory of programme costs; making funding for AIDS a shared responsibility; making the AIDS movement a bridge to development; and fostering scientific innovation for HIV prevention and treatment.

We need your help to accelerate the exchange of lessons learned across Europe. We call upon all of you to visit [www.hivaidsclearinghouse.eu](http://www.hivaidsclearinghouse.eu) and upload your good practice materials!

## Popular downloads in the AIDS Action Europe Clearinghouse:

### Burnout Syndrome: Prevention and Management/ Handbook for workers of harm reduction programs

Manual presents the best practices; includes a theoretical part with description and explanation of a burnout syndrome, as well as recommendations on burnout syndrome prevention and management based on the experience of the projects in the region. The manual also includes training programs, relaxation techniques, methods of stress management and a list of sources for further reading.

### Bist Du sicher? Alles zur Frage, ob man sich auch ohne Präservativ schützen kann

Brochure discusses strategies MSM might use to manage risk and whether these strategies are safe, it also looks at different sex practices and discusses their implications.

### The sexual health model: application of a sexological approach to HIV prevention

This article outlines the Sexual Health Model and its application to long-term HIV prevention through comprehensive, culturally specific sexuality education. The article concludes with some cautions and suggestions for research. It is recommended that HIV prevention agencies contemplating use of the model should design their sexual health intervention to fit the unique needs of their target population.

### Description of a cohort of HIV positive migrants in Northern Italy: social, clinical and epidemiological features : Analysis of Health Policies in countries of the European Union

In this thesis HIV-positive migrants in Italy from various continents are compared to HIV-positive Italians to examine the influence of geographic origin on access to therapy and health care facilities. Includes an overview of health policies and legislation in various long-standing EU countries.

### STIs

The booklet gives detailed information on STIs in Georgian for general public.
