Dear [REDACTED]

The extended deadline for replying to your access to documents request 2019/4815 expires on 26 September 2019.

However, we are still not in a position to reply to your request as we haven't managed to identify all relevant documents. The retrieval of the requested studies required consultation with the historical archive and search in voluminous folder. We haven't gone through all the relevant folders yet. Moreover, once the requested documents identified, we may need to consult the third parties from which they originate.

Therefore, we will send you the first batch of identified documents as soon as possible.

Thank you very much for your understanding.

Kind regards,
