

**ANNEX I**  
**APPLICATION FOR REGISTRATION: Article 17**  
**PDO**

**National application No: EL (PDO) 16**

**1. Responsible department in the Member State:**

Ministry of Agriculture, Directorate for Processing, Packaging and Quality Control of Plant Products  
Tel: 5291-347 Fax: 5243-162

## 2. Applicant group:

- a) Name: Union of Agricultural Cooperatives of Prefecture of Messinia
- b) Address: El Venizelou 19, Kalamata 24100
- c) Composition: Producer/processor

3. Name of product: Eleolado PDO "Kalamata" (Kalamata PDO olive oil)

#### 4. Product type: 1-5 Oils and fats

## 5. Specification: (Summary of requirements under Article 4(2))

(a) Name:	See 3
(b) Description:	Exceptional virgin olive oil produced from the Koroneiki and Mastoidis varieties. Olive fly control is by off the ground spraying, organic methods or is not carried out. The oil colour is green-yellow.
(c) Geographical	Municipality of Kalamata in the Prefecture of Messinia
(d) Proof of origin:	The product has been produced for centuries exclusively from olives grown and processed in the delimited geographical zone
(e) Production method:	Pressing of clean olives of the Koroneiki and Mastoidis varieties using standard or centrifugal presses guaranteeing top quality production conditions
(f) Link:	Mastoidis is grown mainly in the communes of Allagonis, Artemisia, Lada, Karveli, Nedousa and Piges, and Koroneiki mainly in the other communes of the municipality. The oil is given its character by these traditionally grown varieties, the traditional extraction methods used within the delimited zone and the microclimate of the area.

(g) Inspection body: Agriculture Directorate of the Prefecture of Messinia, Diikitirio, Kalamata 241 00

(h) Labelling: Eleolado PDO "Kalamata" (Kalamata PDO olive oil) and KA control code number - label serial no/two last digits of year of production

(i) National requirements The general provisions of PD 61/93 apply as appropriate to the PDO/PGI production procedure.
