PUBLIC EVENT

Let's reduce consumer food waste!

Solutions from the European Consumer Food Waste Forum

5 June 2024, 10.00-18.00 CET

Building Charlemagne, 170 Rue de la Loi, 1040 Brussels

- **Are you a practitioner** who plans and implements food waste reduction actions?
- **Are you a policymaker** who works to achieve the UN Sustainable Development Goal Target 12.3 to halve per capita food waste at the retail and consumer level?
- **Are you a food business or an organisation** that wants to prevent food waste at consumer level?

Then this public event **is for you!**

You will have a chance to

- hear about the latest initiatives to prevent consumer food waste in **schools, shops, food services and households**
- **exchange with experts** in consumer food waste prevention
- learn how to **set up and implement an effective action** to prevent consumer food waste by using the solutions of the European Consumer Food Waste Forum.

There will be interactive parallel sessions to facilitate knowledge sharing and networking between participants and experts. The event will be web-streamed in selected languages.

The European Commission's Joint Research Centre (JRC), in collaboration with the Directorate-General for Health and Food Safety (DG SANTE) set up the European Consumer Food Waste Forum to address consumer food waste in and out of home through recommendations, best practices and tools. Through this Forum, researchers and practitioners worked together to find solutions and develop tools to help prevent consumer food waste.

Come and share your experience with us on 5 June 2024 in Brussels!
