Building a network of Fisheries Villages

Fisheries and Tourism
Creating benefits for the community

<http://tinyurl.com/mf3h75y>

- Tourism is **one of the main pillars of Blue Growth** in Atlantic Action Plan. **Still...**

- “Fisheries villages” present **distinctive features** making them particularly attractive for tourists. **Fact.**

<http://tinyurl.com/mqgttvd>

- Fisheries communities and professionals can **connect and cooperate to promote this attractiveness**

...but how?

Building a network of Fisheries Villages

- **FLAGs : Fisheries Local Action Groups**
 - 2007/2014 : 312 in EU, **over 50 across Atlantic arc**
 - 10000 projects tourism, training, R&D...
- **In 2014/2020: more opportunities for Community Led Local Development**
 - linkages **EMFF/ERDF/ESF**
 - **“locally driven” European cooperation**
- **Strategic opportunity** to develop it within the priorities of the Atlantic Action Plan
 - **For candidate FLAGs (strategy building phase)**
 - **For other local stakeholders (join CLLD!)**

- Build up on the two projects **Villas mariñeras & Aldeias do Mar**
- Exchange experience, opinions on the **role & goals** of a Fisheries Villages Network
- Identify **partners and first steps.**
