

National Network

Role and Activities 2011

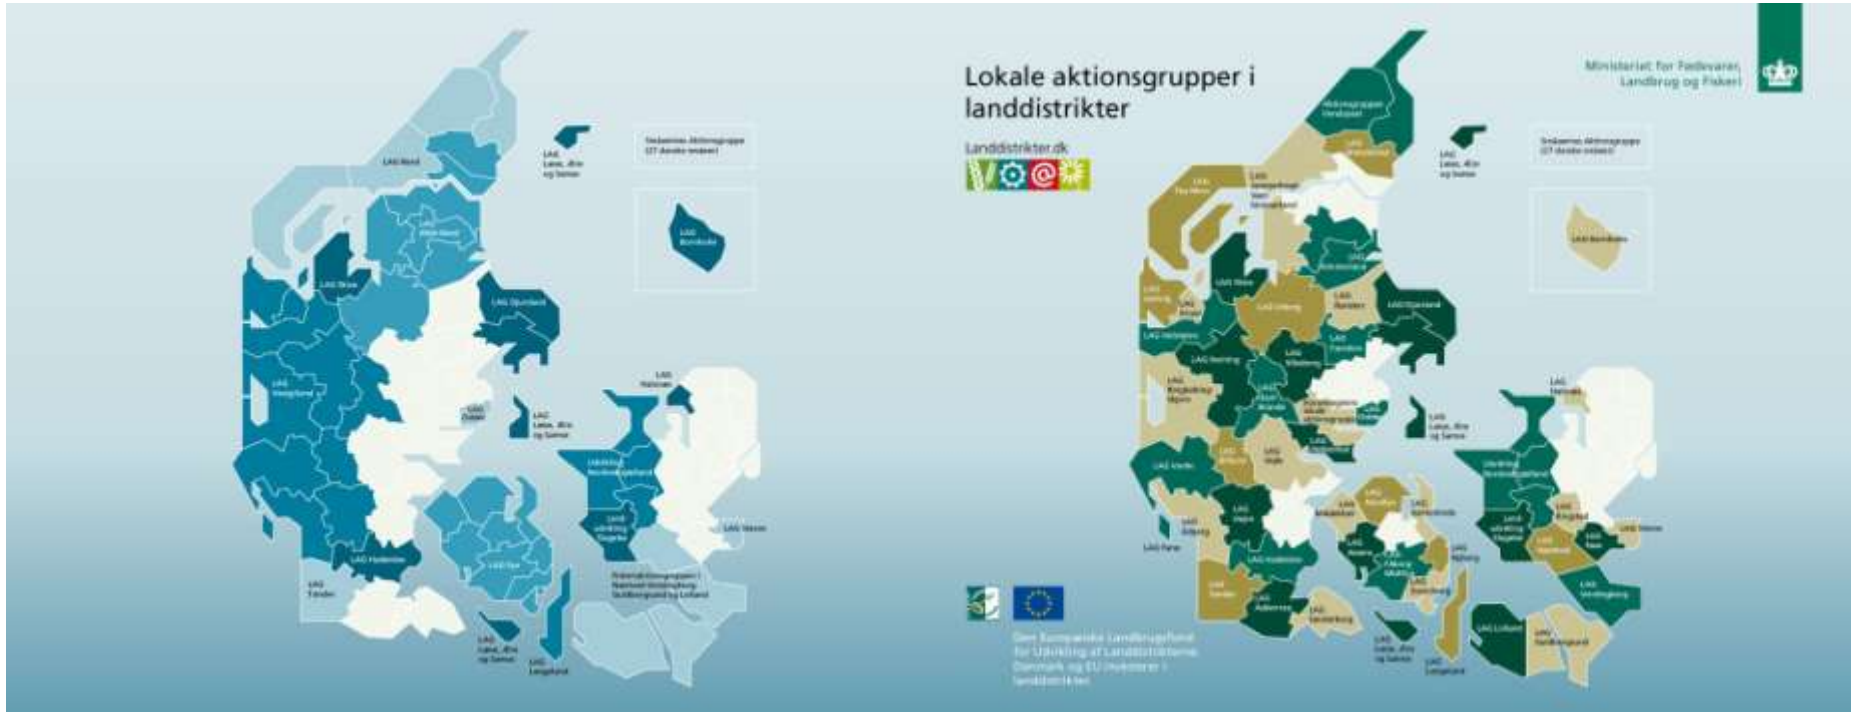

24-25 May 2011

René Kusier
Ministry of Food, Agriculture and Fisheries
National Network Unit

FLAG's

LAG's

18 FLAG's – 2 new groups in 2010

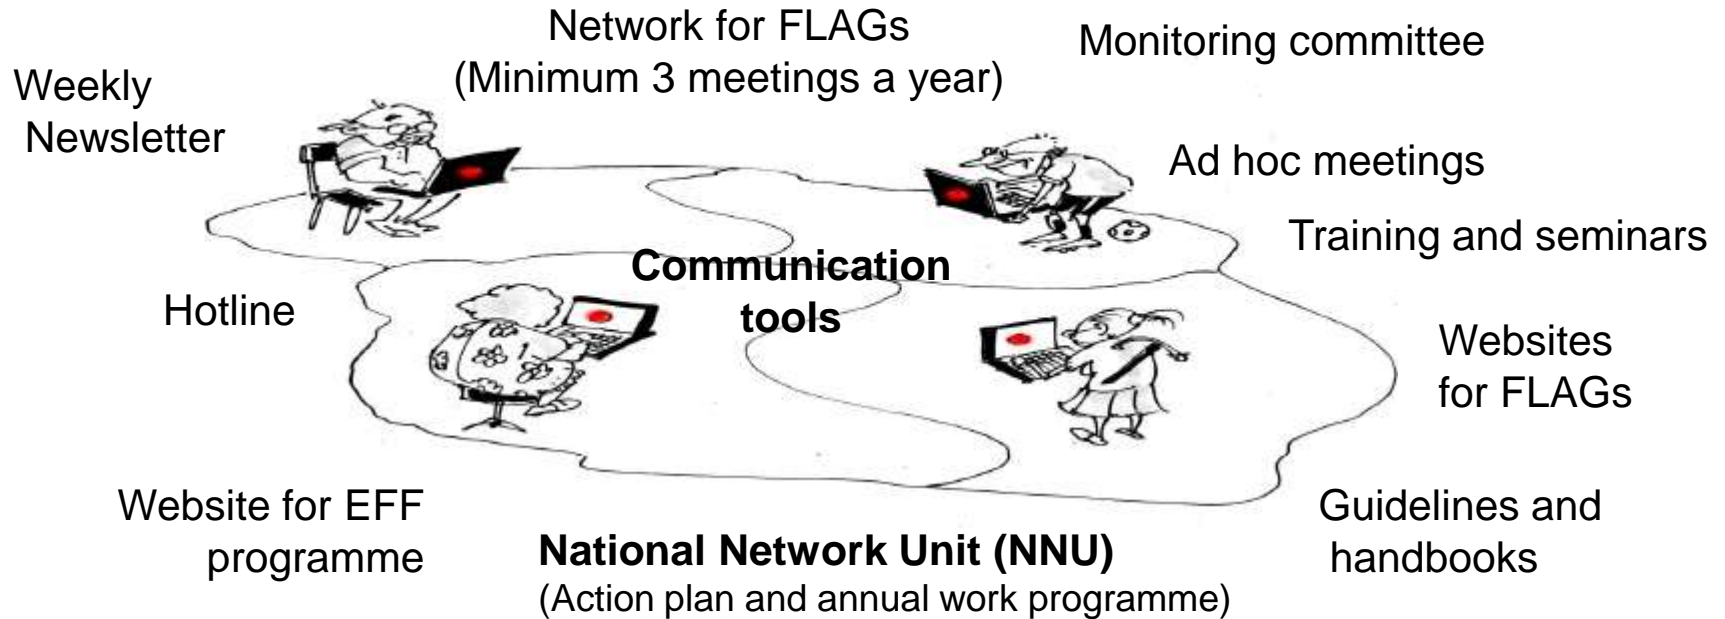

European Fisheries Fund

Ministry of Food, Agriculture and Fisheries

Basic Capacity Platform for (F)LAG's

National Network role and activities 2011

Two directions

Maintain FLAG skills and the Leader approach

Training for new (F)LAG board members and managers

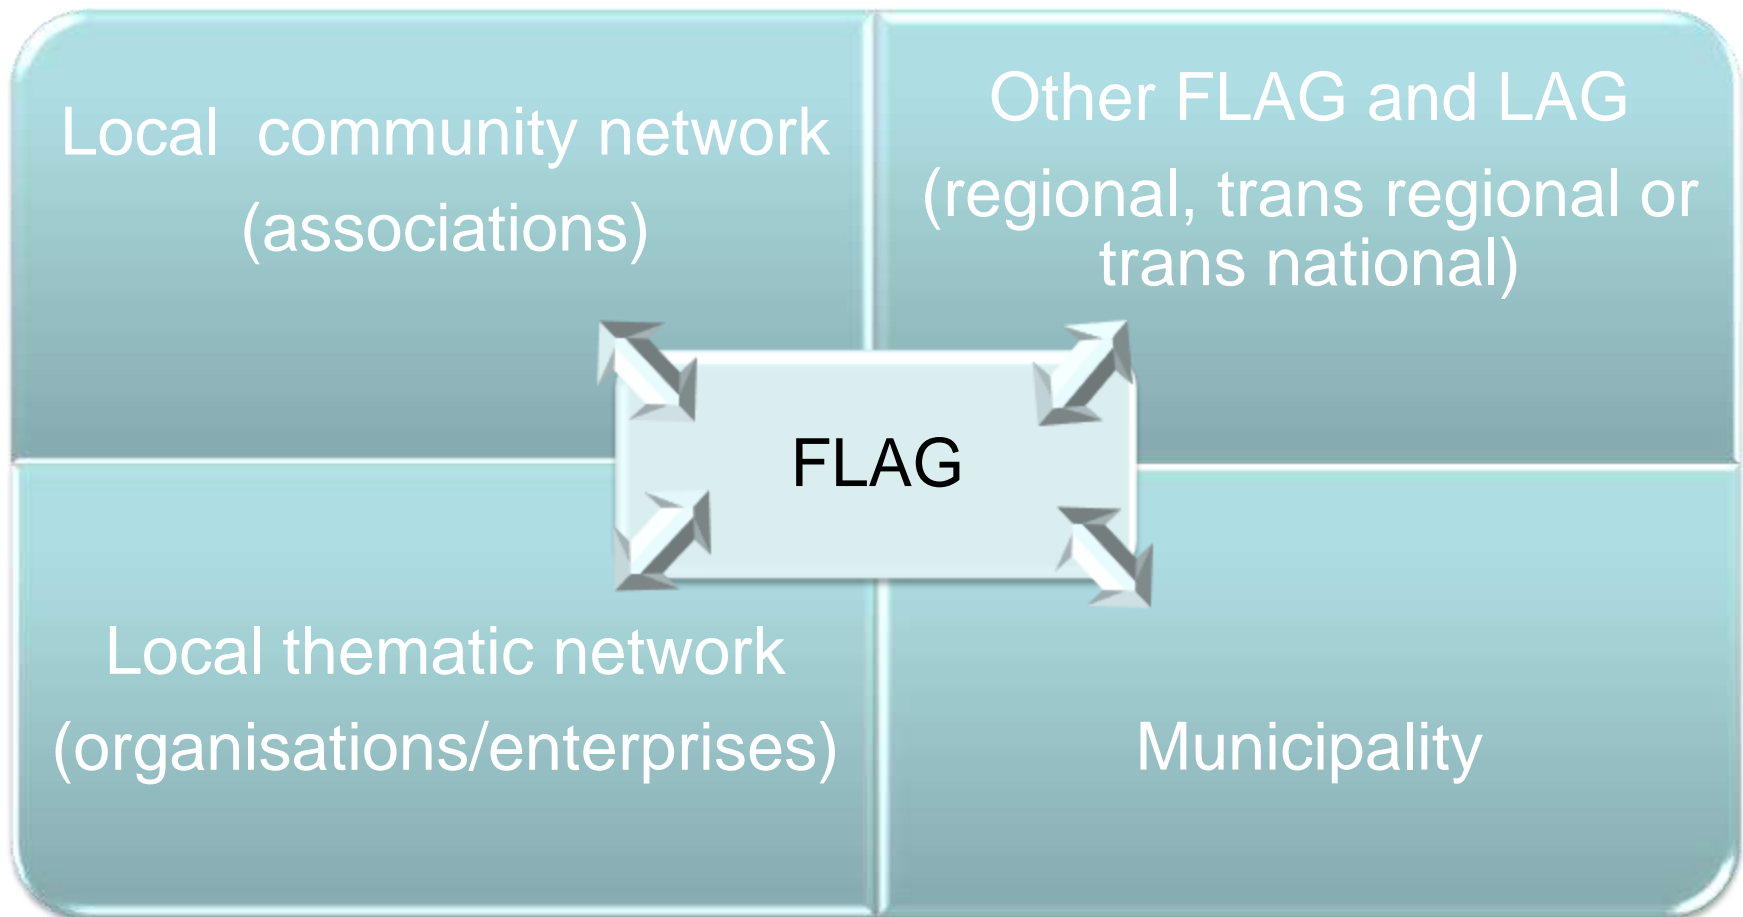

Evaluate and improve implementation of local strategies and national programme

Network seminars and workshops on specific topics

More collaboration and new networks implemented by FLAG's

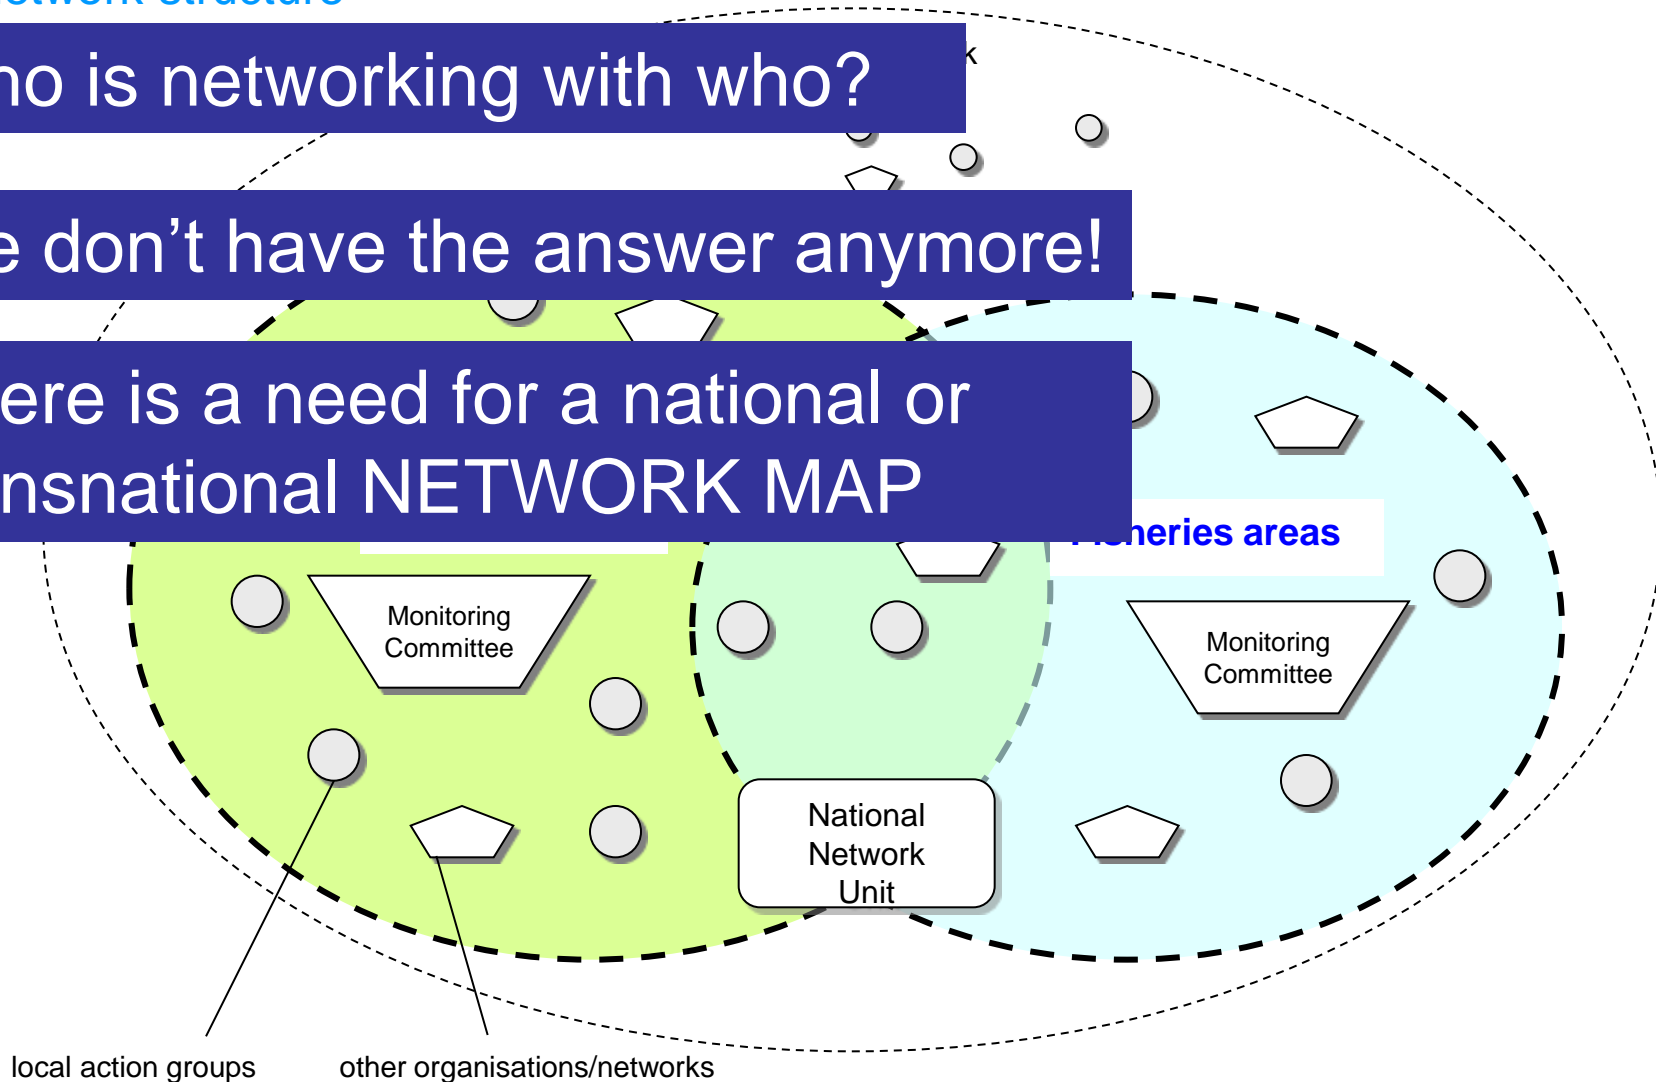

The network structure

Who is networking with who?

We don't have the answer anymore!

There is a need for a national or transnational NETWORK MAP

Identified need for new networks and cooperation

- vertical networks (in the food chain and across sectors)

- More focus on business projects

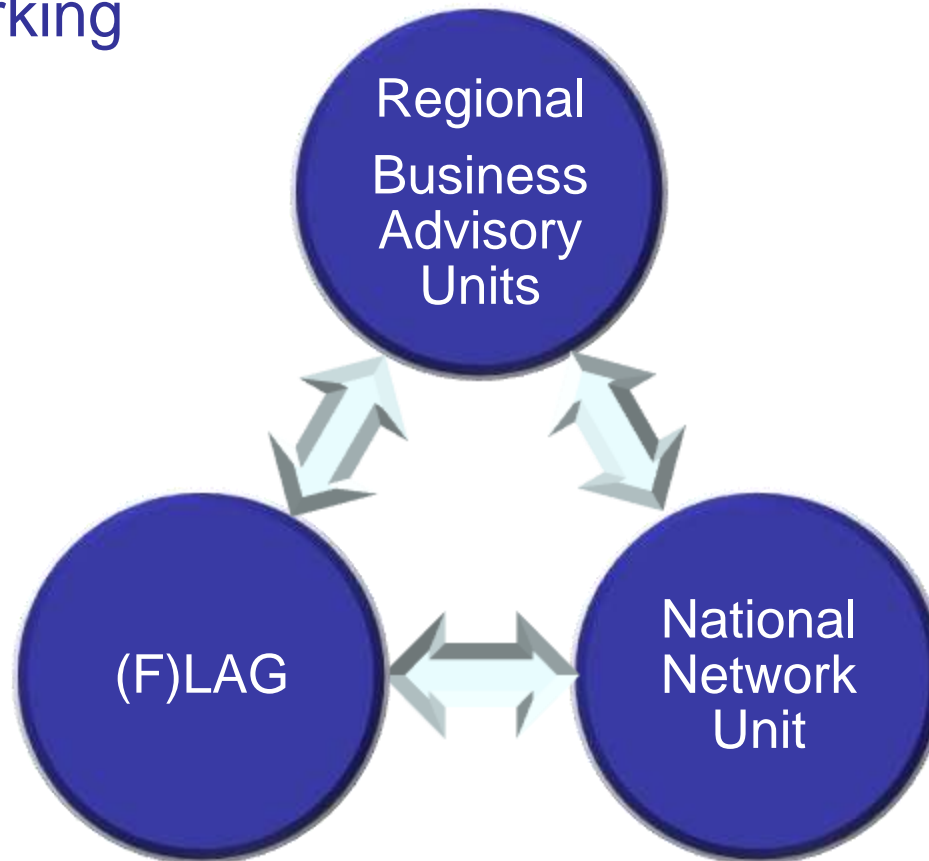

Activities 2011 (May)

- Technical training seminars for new board members and managers about
 - The LEADER approach,
 - How to apply for money and receive payments

Activities June 2011

- Thematic seminar focusing on business development and networking

Activities June 2011

- Annual meeting 2011 for board members and managers
 - how to support business projects

Activities October 2011

- Fishery Seminar (across sectors and axes) on coastal fisheries, aquaculture and adding value to fisheries products
 - Using "Danfish international" as a platform

Thank you for your attention
