

Workshop for the National Networks

Farnet meeting
2018 04 19 - 20

Priorities for National Networks

- NN:s are there for the FLAGs first of all
- Supporting how to write and how to implement LDS
- Training, informing, communicating, supporting cooperation

Priorities for National Networks

SHARE
TRAINING FOR
WITH NRN

- Share training for FLAGs with National Rural Networks
- Much training could be the same for FLAGs and LAGs

Priorities for National Networks

- Dealing with broader views on fisheries
- Connecting FLAGs with other actors and beneficiaries in the EMFF

Priorities for National Networks

- Innovative Financing
- Helping with information about other forms of financing, giving more possibilities

Priorities for National Networks

- Sharing expertise
- Identifying expertise in different FLAGs that could help others

Priorities for National Networks

- Network of National Networks around the sea basins
- Following Macro Regional Strategies
- Promoting TNC
- Cooperating about best practice, joint actions
