## Existing Interreg Project: ITINERAMED

to promote Mediterranean Gastronomy -  
seeking additional partners

**COOPERATION IDEA**  
*for Fisheries Local Action Groups*

*Title of the proposed project: ITINERAMED: Mediterranean Gastronomy*

**Description of cooperation proposed**

ITINERAMED, "Mediterranean Routes of taste" is an ambitious project born from the firm belief that discovering a territory is a process that must necessarily pass through the rediscovery of tastes and traditions of that region. The project currently encompasses 3 continents, 6 nations, 36 cities.

We want to enlarge the ITINERAMED project to other countries and other Mediterranean cities who have a true culinary tradition based on fish. More info: [www.itineramed.com](http://www.itineramed.com)

**Thematic category:** Gastronomy

## Trapanese FLAG, IT
