

# COOPERATION IDEA

## for Fisheries Local Action Groups

**Title of the proposed project:** New start-up company models for young unemployed people

### Description of cooperation proposed

We wish to cooperate with FLAGs concerned with new start-up models led by young people, fishermen's relatives or young people leaving secondary schools who want to create self-employment opportunities. We have experience in cooperative enterprise management and professional needs analysis.

- Objectives: Building new job models in fisheries; boosting fishermen's income; safeguarding fishermen's professional heritage; setting up multifunctional companies in fishing areas

- Proposed actions: Training on the job for new sea workers, involving fishermen in training and building new companies; testing multifunctional companies (fishing, tourism, education)

- Desired results: Increased turnover for sea workers; less unemployed youth; spreading the marine culture; turning seasonal job into year-round jobs through new skills and services
