- Questions and open discussion on topics of common interest - 15'

*About the EMODnet Seminar at the Joint Research Centre,*

## *Ispra*

The EMODnet Seminar aims to inform interested staff members of JRC and other stakeholders about the basic principles, architecture and development of the various components of the European Marine Observation Network. It provides a forum for interaction and discussion on topics of common interest between the EMODnet community and various units at the Joint Research Centre. All EMODnet coordinators covering the themes bathymetry, geology, physics, chemistry, biology, physical habitats and human activities will be present to answer questions from the audience and participate in an open dialogue.
