2nd Expert Meeting for Developing a Blue Growth Initiative for Research and Innovation in the Black Sea

Published on: Tue, 17/10/2017 - 10:01

Summary, participants' list, relevant documents and presentations given

Dear all,

First of all, I would like to thank you for your presence and very active participation during our *Second Expert Meeting for Developing a Blue Growth Initiative for Research and Innovation in the Black Sea*, in Batumi.

It was a real pleasure to have had the opportunity to be in Batumi, on the Black Sea, to meet you and to discuss with all of you. I am sure that you agree with me when I say that we have made good progress during this meeting, with good consensus on the main research and innovation areas to be tackled. It is also very positive that we have a stable group now, and we count on your participation and active involvement for the next meetings of this group.

There is a good window of opportunity with the upcoming European Maritime Day, which will take place during the Bulgarian Presidency of the Council of the EU in Burgas, on 31 May/1 June 2018. Together with our colleagues from DG MARE, we will continue to support your [and our] work towards developing a Strategic Research and Innovation Agenda for the Black Sea, as a main pillar of a broader marine strategy for this basin.

We would like to remind you about the deadline for submitting the next round of contributions: 15 October (by email to [Baris](#) [1] and [Daniel](#) [2]). Baris and his team already kindly sent you the updated documents after the meeting. With the updated contributions, we will communicate the date of the next meeting of the group which will be held in Brussels, most likely in the first week of December. **(SEE UPDATE BELOW)**
