**ECOMONDO**  
THE GREEN TECHNOLOGY EXPO

[Ecomondo, Rimini Expo Centre, Italy](#) [2]

26 October Transforming plastic litter into new chemicals

The [workshop](#) [3] will gather innovators, local and ports authorities, legislators and stakeholders, e.g. plastics association and fishers and vessels, to discuss the opportunities offered by pyrolysis plants to convert plastics waste into new chemicals. At the same time the technical and legislative barriers that hinder the exploitation of this kind of technologies will be addressed. The workshop will tackle plastics coming from different waste streams, and will specifically focus on the use of low temperature pyrolysis plants to treat marine litter.

27 October Boosting SME investments for a blue and green economy”

The [event](#) [4] will launch the newly started SME-grants funded by the European Maritime and Fisheries Fund (EMFF).

28 October thematic workshop “Unlocking Opportunities for a green blue bioeconomy”

A one-day thematic [workshop](#) [5] shall bring together entrepreneurs, corporates, investors and stakeholders from the Blue Economy to discuss developments in the Blue Bioeconomy sector
