

MARITIME FORUM

Narwhal Challenge

Event date:

09/12/2019 (All day) to 12/12/2019 (All day)

Brest, France

Do you have an innovative project ? Are you the leader of a maritime sector business that is less than 8 years old ? Are you looking to develop your project or accelerate your business ?

The following concerns correspond to your project : Marine energy and mining resources - Marine biological and biotechnological resources - Maritime ports, infrastructure and transportation - Seaboard environment and development - Maritime safety and security - Naval, sailing - Tourism...

The NARWHAL CHALLENGE is a unique call for projects, carried out by a collective of eight structures representing all the economic and scientific actors of our region. These partners have decided to combine their expertise to launch their first call for international maritime projects in Finistère.

NARWHAL CHALLENGE is aimed at maritime project developers and start-ups from all over the world. Its objectives are to promote innovative initiatives and to grow projects with the support of established actors of the territory. The selected entrepreneurs will benefit from a full week of immersion with a dedicated program depending on their activities and a boost for transport costs. In a second phase, the selected startups will benefit from a program of acceleration of several months in 2020.

The NARWHAL CHALLENGE consists of a week of customized immersion in the Finistère (Brittany, France), according to your activity and to the expertise needed to develop your project. The week will consist in various workshops :

- Linking with a network of clients, partners or potential investors
- Sharing experiences and skills concerning target fields
- Discovering Brittany's maritime economy and living environment
