# COMMISSION IMPLEMENTING REGULATION (EU) .../...

of 4.10.2022

## establishing the lists of reserved and blocked domain names under the .eu top-level domain in accordance with Regulation (EU) 2019/517 of the European Parliament and of the Council

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 2019/517 of the European Parliament and of the Council of 19 March 2019 on the implementation and functioning of the .eu top-level domain name and amending and repealing Regulation (EC) No 733/2002 and repealing Commission Regulation (EC) No 874/2004, and in particular Article 6 (4) thereof,

Whereas:

- (1) Pursuant to Article 6(3) of Regulation (EU) 2019/517, Member States may notify to the Commission a list of domain names which are not to be registered pursuant to their national law ('blocked names'), or which may be registered or reserved only at the second-level by the Member States ('reserved names').
- (2) Since Regulation (EU) 2019/517 applies throughout the European Economic Area, undertakings having their registered office, central administration or principal place of business in Iceland, Norway and Liechtenstein, organisations established in Iceland, Norway and Liechtenstein and residents in Iceland, Norway and Liechtenstein are allowed to register names under the .eu top-level domain (TLD). Accordingly, the lists of names that can be reserved or blocked by Iceland, Liechtenstein and Norway respectively should be added to the lists by the Member States.
- (3) The Commission has received lists of reserved and blocked names from the Member States and the Contracting Parties to the EEA Agreement through the Communication Committee established by Directive (EU) 2018/1972 of the European Parliament and of the Council<sup>1</sup>.
- (4) Those lists should now be adopted.
- (5) To ensure continuity with the previous legal framework<sup>2</sup> and with a view to preventing abusive and speculative registrations, the ISO alpha-2 codes, which are two-letter
