

# SAFETY GATE 2024

## the EU Rapid Alert System for dangerous non-food products

Factsheet, April 2025

### Alerts and follow-up actions per country in 2024

**The Rapid Safety Gate Alert System** enables national authorities to quickly exchange information about dangerous products, thus allowing the countries participating in the system to screen their markets and take appropriate action should the same product be found.

**4 137** alerts

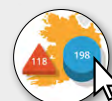

received in the system on measures taken against dangerous products.

**4 279**

follow-up actions

taken by other members in the network in response to alerts concerning dangerous products.

Hover your mouse over the pictograms for more information on each country. The following pages also include specific information about each country.

	THE THREE MOST COMMON PRODUCT CATEGORIES NOTIFIED			THE THREE MOST COMMON RISKS NOTIFIED
