

SESAM Release 8.9.1

Release Notes

Release 8.9.1 of SESAM is a minor software release containing new features and bug fixes.

1. NEW FUNCTIONALITIES

The purpose of this release is to introduce some modifications to the IRSES Researcher Registration Reports and to enhance the security policy regarding access to Assessment Reports.

1.1.1. All project funding schemes

- The security policy was modified to allow Seconded National Experts to access Assessment Reports.

1.1.2. Marie Curie funding schemes

- Two new fields, 'Work package Number' and 'EU contribution', were added to the IRSES Researcher Registration Report.

2. BUG FIXES / CORRECTIONS

The following bug fixes or modifications were implemented:

- A bug preventing attachments to be listed in the PDF rendered version of submitted reports was solved.
- It is no more possible to delete a partner referenced in a submitted IRSES Researcher Registration Report.

3. TECHNICAL IMPLEMENTATION

- A new MetaData related to the submission date of reports was added to the response of the getReportsByPeriod webservice.
