

# SESAM Release 9.5

## Release Notes

Release 9.5 of SESAM is a minor software release containing new features and bug fixes.

### 1. NEW FUNCTIONALITIES

The purpose of this release is to implement EASME Final report. It also improves IRSES Periodic reports, PDF rendition and the Graphical User Interface.

#### *1.1.1. All project funding schemes*

- In the front office, all pages will now share a common navigation menu.
- Help bubbles with contextual help were introduced for some field validations in report forms.

#### *1.1.2. REA funding schemes*

- A computed field with sum of partners 'equivalent months' and 'EU contribution' was added to IRSES Periodic Reports.

#### *1.1.3. EASME funding schemes*

- The EASME Final Report was implemented.

### 2. FIXES / CORRECTIONS

The following fixes or modifications were implemented:

- An issue affecting the choice of the legal representative in Declaration of conformity was fixed.
- When a publication is deleted from a publication list, the numbering of remaining publications is now properly updated.

### **3. TECHNICAL IMPLEMENTATION**

- Possibility to download officially registered documents was added to the front office module (list of submitted reports, deliverables).
- The PDF rendition was enhanced in order to better handle mathematical symbols.
